FORWARD

FY 2023 - 2024

This handbook was prepared with the express purpose of giving students, teachers, and parents a better understanding of all facts of the Ripley County R-IV school system. Procedures outlined in this handbook are consistent with policies adopted by the Board of Education.

This handbook is not intended to be just a list of rules and regulations but rather a guide to effective educational planning. This is necessary in order to create a positive learning atmosphere for all students attending Ripley County R-IV School.

The goal of education is to develop each student into a productive citizen now and throughout life. Students have many different options upon graduation. Some may choose to attend a college or university or technical school. Some may choose to immediately enter into the work force. It is our job as parents, teachers, and administrators to prepare our students for each option.

Each student is urged to get involved and participate in extra-curricular activities and thus find things in our school, which can help him/her to develop responsibility and positive peer relationships.

We suggest each student discuss the rules and regulations in the handbook with his or her parent or guardian. The student is directly responsible for all content in this handbook and the student and parent must sign below indicating they understand the rules and regulations contained. We sincerely hope that this will be a very enjoyable and worthwhile year for all students and their parents.

I have read and agree to abide by the rules and regulations set forth in the Ripley County R-IV Student Handbook.

GENERAL PROCEDURES

Activities – Extracurricular

A student will be asked to leave the activity if, in the mind of a responsible adult, he/she is causing a disruption which merits removal. Students may be suspended from attending activities for a number of games or for the remainder of the school year. Students involved in negative behaviors (fighting, vulgar language, destruction of property, throwing objects, etc.) will be removed from the activity and not allowed to attend for the remainder of the school year. Additionally, students involved in negative behaviors close to the end of the season (within 2 games) may be suspended from games for the next school year.

Activities – Fundraising

All fundraising must be approved by the principal. Unapproved fundraisers will be terminated immediately. When a fund-raising activity is undertaken, all members will participate. No “Road-Block” fundraisers.

Activities – Organizations

All school student organizations must be sanctioned by the school and will be listed and posted by the principal. Any approved student organization must meet the following criteria:

Asbestos

Some buildings on the campus of the Ripley County R-IV School contain asbestos or suspected asbestos materials. Therefore, the district is required to conduct an inspection of these materials every three years. The last inspection was conducted on August 10, 2018. During that inspection all asbestos or suspected asbestos containing materials were found to be in full compliance with all regulations for such materials. Anyone wishing to view the Ripley County R-IV Asbestos Management Plan may do so by visiting the office of the Superintendent.

Athletic Participation - Academic Requirements

- The principal and coaches will develop rules and regulations to govern student/athlete conduct

Students who are absent from school on the day of a social activity, athletic contest, or any school sponsored activity will not be permitted to participate in that activity. Exceptions may be granted by the Principal and/or Superintendent for extenuating circumstances, i.e. doctor appointment, funeral, etc. Students need to be in attendance at least half a day. Students over their days/hours during the semester will be ineligible for the following events:

- 1) Field trips
- 2) Sports attendance
- 3) Sports participation

Attendance

School Attendance -MO Law 167.031 provides for compulsory attendance.

The Board of Education believes that regular attendance is essential to achieving success in school. Education is a total process based upon continual communication and shared responsibilities among parents, students, teachers and school. As students mature and progress through the educational system, they should increasingly assume responsibility for regular attendance. However, parents have a legal and moral responsibility to require regular attendance at school.

The Board of Education has established the following rules and regulations regarding attendance, absences, and excuses for students. These rules and regulations are intended to comply with Missouri Compulsory Attendance law (167.031 RSMo.) which establishes compulsory attendance for all children between the ages of seven and sixteen unless their education is provided by other acceptable means or otherwise excusable under the law.

Good attendance is required and expected. In regard to absence and excuses, it needs to be noted than an absence is recognized as such, regardless of excuse. Turning in a doctor's excuse, does not dismiss the absence and give the child back a day. Excuses on file are used to reference and track student's attendance patterns.

Attendance - Excusable Absences

In case of absence, it is the responsibility of the parent/guardian to notify the school. If the school is not notified on the day of absence, a note from the parent/guardian will be required on the first day of the student's return to school. The absence will be recorded as unexcused if a note or telephone call is not received. Excusable absences include, but not limited to:

1. Illness of the student (Doctor's statement may be required to support such absences).
2. Days of religious observance.
3. Death in the family.
4. Family emergencies which necessitate absence from school. The school must be notified in advance when such absences are foreseen. Note will be required upon return.
5. Special circumstances pre-approved by the administrator. (Not all circumstances will be considered excusable). This will be done on a case by case basis.

The following procedures should be followed by students who are absent to prevent academic difficulties:

1. The student shall obtain assignments from appropriate staff members. Assignments shall be obtained in advance if absence is foreseen.
2. All assigned work shall be submitted upon returning to school.
3. All classroom work (including tests) shall be completed as indicated by the classroom teacher.

Attendance - Un-excused Absences

Attendance patterns for all students will be monitored. Absences which are not clearly excusable will be investigated by the principal and/or staff and appropriate action taken.

After a student has been absent for two (2) consecutive days, it is the principal's responsibility to contact the parent/guardian by telephone or letter in order to inquire about the reason for the student's absence. If the principal is unable to contact the parent/guardian within two (2) days or the parent/guardian does not give a reasonable explanation for the absence within three (3) days, the principal shall send a registered letter to the parent/guardian requesting a conference within a week. If the parent/guardian does not contact the principal within a week of receipt of the registered letter, the principal will make a referral to the proper legal authorities. The principal shall also notify the office of the Superintendent in writing of the excessive absence and continue to update the Superintendent on the situation.

Attendance - Excessive Absences

A student shall be allowed three (3.00) days per quarter with a parent note for excused absence. Excessive absences, excused or unexcused, have a detrimental effect upon academic progress and may be one factor considered in promotion/retention decisions. If a student misses more than 12.00 days of school per year, he/she will be mandatory summer school with the possibility of retention. Students attending mandatory summer school must maintain an 80% attendance rate or they will be retained.

Absences of more than three (3.00) days per semester will require a doctor's excuse to be considered excused. An excuse must be furnished on the first day student returns to school. Un-excused absences exceeding 10.00 per year may be reported to Social Services as educational neglect.

Pupils may be dismissed by the Administrator upon a parent's written request. The student will be held responsible for all work missed. Permission to leave during the school day shall be given only by the Administrator or designee.

Pupils who are absent from school because of personal illness, emergency in the family, or official school business, will be allowed by the teacher, to make up work missed. For days missed that are excused absences, students will be allowed 2 days for the first day and 1 day for each day thereafter to complete make-up work. We request that any doctor/dental appointments be made as late in the day as possible. Students needing to be out five (5.00) days or longer due to health issues may apply for homebound. In order for a student to be homebound, the school must

be contacted the next day with a completed request form from the parent or doctor. Homebound days will not count against attendance. Students on homebound may not attend any extracurricular activities.

Students suspended from school, or those who have un-excused absences may make up work in according to reasonable limits regarding the time frame set by the administrator. When a student has missed 12.00 days or more, he/she may go before the attendance committee and ask the committee to repeal the school's decision.

Attendance - Truancy

The Board of Education believes regular attendance is important to academic success. Therefore, the Board directs those problems with attendance on the part of any student be investigated and acted upon promptly.

Truancy is defined as deliberate absence from school on the part of the pupil with or without the knowledge of the parent/guardian and for which no justifiable excuse is given. When a pattern of truancy becomes evident, the principal will investigate and take such action as circumstances dictate.

Section 210.115 R.S.Mo. Mandates reporting to the Division of Family Services when there is reasonable cause to suspect that a student's non-attendance is due to the educational neglect of the parent/guardians.

Any school official or employee who knows or has reasonable cause to suspect that a student is being subjected to home conditions or circumstances which would reasonably result in truancy will immediately report or cause a report to be made to the principal, or his/her designee, who will then become responsible for making a report via the Student Abuse Hotline (1-800-392-3738) to the Missouri Division of Family services (DFS). The principal shall inform the Superintendent/designee that a report has been made, and keep the Superintendent apprised of the status of the case.

Action to be taken involving Truancy:

- 1. First Offense:** Parent will be informed by phone, letter, or visit and a conference will be held with the student. On first offense parents may be asked to be present at conference with the student. Corporal punishment may be administered.
- 2. Subsequent Offense:** In-school suspension for three (3) days will occur. The parent will be notified by letter of the action taken. A truant office may be notified.
- 3. Third Offense:** Student will be suspended from school. The parent will be notified by letter of the action taken. One or both parents will be required to bring the student to school before he/she is permitted to re-enter. The suspension will be no longer than 10 school days (2 weeks)

Building Use

Arrangements and approval should be made with the administrator for all activities which need to use the building after school hours. Arrangements should be made at least one week in advance. No students should be in the building unless under the direct supervision of a teacher.

Bus - Behavior Policies

1. The bus driver is in complete charge with the same responsibility as a teacher in the classroom to maintain order and safety.
2. While the bus is in motion, all students must be seated.

3. Students who must cross the road to load or leave the bus must cross in front of the bus.
4. Parents/Guardians are to notify driver at least one day in advance when student does not plan to ride bus.
5. Students are not to extend head, arms, or etc., through windows.
6. Students not having provided signed permission by parents/guardians will be discharged only at home or school.
7. All students will be assigned seating arrangements on the bus and are expected to share seats.
8. If damage is done to a bus interior, those students involved shall be held responsible for it.
9. Students will ride only their assigned bus and will exit the bus only at their assigned stop. Students wishing to visit another household will provide the teacher and bus driver with notes from the parents/guardians of the households involved.
10. Profane language, spitting, fighting, or excessive loudness will not be permitted on the bus.
11. Radios, electronic games, tape players, water bottles, balls and bats from home, illegal, dangerous, disruptive items, drugs, alcohol, tobacco products, matches and cigarette lighters and any other materials which the school feels are improper will not be permitted on the bus.
12. All bus drivers have been instructed to pick up students that are outside and ready. They are not to wait on students that are not ready.
13. No animals will be permitted to ride the school bus.
14. Students who board a school bus will not be allowed to leave the bus to ride in a private automobile unless permission is granted by the Administrator.
15. The throwing of any objects on the bus or out of the bus windows is strictly prohibited.
16. No school visitors will be allowed to ride the bus, except for school approved activities.

Students who live within one mile of school and who desire to ride and walk part of the time may do so if a permission slip has been received from the parents. This permission slip acknowledges that the parents are responsible for any accidents that result.

Video cameras will be used intermittently on R-IV school buses to help ensure the safety of students and to protect school property from vandalism.

Students who violate rules on the school bus will be disciplined according to the situation.

BUS - TRIPS AND BEHAVIOR

Students must obey drivers and sponsors. Failure to do so may endanger the safety of students and may result in denial of the privilege of riding a bus or even more severe penalties. Students must ride both ways on the bus and will not be permitted to ride home with parents unless the parent signs a form provided by the sponsor. Parents may prearrange for their student to ride home with other licensed drivers by completing a form with advanced approval from the principal. Students who fail to observe district rules or fail to contribute to a safe transportation environment will be subject to disciplinary action including, but not limited to, suspension of the privilege of riding the bus. Students with disabilities will be disciplined in accordance with their IEP or applicable law. The bus driver or other authorized personnel shall report all misbehavior or dangerous situations to the principal as soon as possible.

Cafeteria

The school cafeteria is operated for the convenience of the students and teachers. Each day a well-balanced meal is planned by the supervisor of the lunch program. Breakfast will be served each day. Students are to remain orderly in the cafeteria at all times. If a student arrives after 8:00 a.m., the student will not receive a breakfast.

Students who eat in the cafeteria will obey the following rules:

- 1) Students are required to eat school lunches or bring their lunch.
- 2) No fast foods will be ordered in or brought in for lunch.
- 3) Students who eat school lunches must take a ½ pint of milk with the lunch.
- 4) Students who bring lunch from home may bring drinks to accompany the lunch. Beverages (in a container other than glass bottles) may accompany the lunch and are to be kept in the lunch bag and consumed only at lunch.
- 5) Students who are eating school lunches will not be permitted to bring snack foods to the cafeteria.
- 6) Students may bring a snack for themselves only and that snack is to be eaten during recess.
- 7) Don't throw food.
- 8) Put all trash in proper cans.
- 9) Speak in soft voices and follow directions the first time given.
- 10) No trading food.

Cell Phones

Students are not permitted to have cell phones at school.

- 1st Offense:** Administrator will keep phone for 24 hours.
2nd Offense: Administrator will keep cell phone for three days or three days out-of-school suspension.
3rd Offense: Administrator will keep cell phone for five days or five days out-of-school suspension.
Subsequent Offenses: Will result in longer suspensions.

Cheating

Cheating is any form of academic dishonesty. Cheating occurs when a student uses and takes credit for the work of another person, whether the material is directly copied or superficially disguised (plagiarism). File-sharing and other forms of dishonesty through the use of computers/electronics devices are considered cheating. Any student who knowingly helps another violate academic behavior standards is also in violation of the standards. All forms of cheating are prohibited.

Club Meetings

Club meetings will be arranged and held by the sponsors when necessary. Times will be announced in advance. All club meetings must be prearranged with the sponsor. Club secretaries are to keep a record of all meetings, which will be turned in to the sponsor after each meeting. Treasurers should check each month before the meeting in order to have an accurate account of their financial condition. Organization meetings will be held in the beginning of the year. All meetings must be cleared with the principal.

Dress Code - Appearance

The school board recognizes that among those rights retained by the people under our constitutional form of government is the freedom to govern one's personal appearance. When, however, dress and grooming substantially disrupt the learning process for the individual student, other students, or the learning climate of the school, it becomes a matter subject to disciplinary action.

The school recommends students dress appropriately for daily weather according to dress code. Students will not be permitted to remain indoors during recess due to improper dress for weather. Student dress, grooming, and appearance should be the responsibility of the individual and his or her parents under the following guidelines:

1. Dress grooming should be clean and in keeping with health and sanitary practices.

2. All attire shall be free from writing or advertising that is obscene or suggestive including but not limited to alcohol and tobacco. Any clothing suggesting gang colors, behavior, or gestures is not acceptable.
3. Appropriate footwear (shoes or sandals) and undergarments must be worn.
4. Acceptable attire for all students will be casual and loose-fitting. All attire must cover the back, stomach, chest, and shoulders and not disclose undergarments. Students are not allowed to wear pajama pants.
5. Hair must be well-groomed, neat, and clean in appearance.
6. Skirts or dresses will be no shorter than 2 inches above the center of the knee. Slits in skirts or dresses will be no longer than 4 inches above the center of the knee. Leggings or bicycle shorts may be worn under skirts or dresses but must extend to the center of the knee. Leggings or bicycle shorts cannot be seen through.
7. Shorts can be worn in grades K-8. Short lengths are to be no shorter than 6 inches above the center of the knee. Leggings or bicycle shorts may be worn under shorts but must extend to the center of the knee.
8. No leggings or bicycle shorts of any length will be allowed to be worn as an outer garment. Leggings or bicycle shorts must have an outer garment that must extend past the length of the fingertips when arms are straight down at their sides. Leggings or bicycle shorts cannot be seen through. Repeated violations may result in forfeiture of right to wear shorts for the remainder of the school year.
9. Sleeveless blouses or shirts may be worn as long as the arm hole is not so large as to display under clothing or an inappropriate viewing of the body. Shirts must cover belt loops or cover below the waist band approximately 2 inches when student stands with arms at sides. We, as a school district, realize that as children grow and mature, some clothing becomes inappropriate as school attire. As a result of this realization, no tank tops or spaghetti straps will be allowed.
10. Hats or caps and sunglasses will not be worn inside school buildings.
11. Students will not be permitted to trade or wear other students' clothing during school hours.
12. Holes in clothes – No skin or under-garments exposed above the knees.

Habitual uncleanliness of dress and appearance that would present health and safety hazards or cause disruption to the educational process will result in the student being removed from class. Upon correction of the problem the student will be readmitted to class.

When a second violation of the dress code occurs, disciplinary action such as suspension may result.

Driving/Parking Policy

As a result of continued growth and the increasing number of students driving to school, parking has become a very serious issue. Therefore, at the June 15, 2009, board meeting the Ripley County R-IV Board of Education adopted the following policy:

In order for a student to drive to school and park on the grounds of the Ripley County R-IV school District all student drivers must adhere to the following guidelines:

1. Must be at least sixteen (16) years of age and possess a valid driver's license.
2. Must maintain proof of vehicle registration and insurance for any vehicle to be driven.
3. Must operate the vehicle in a safe and orderly fashion while on the school campus.
4. Must park in the designated area.
5. Must file intent to drive form with the school office no later than one (1) week from the start of school.
6. Must realize that all vehicles parked on school grounds are subject to be searched at any time, without notice, without consent and without a search warrant.

Failure to comply with these rules may result in the forfeiture of student's rights to drive or park on the grounds of the Ripley County R-IV School District. The following guidelines have been established concerning the loss of driving/parking privileges:

- First Violation:** Warning from administration.
Second Violation: Loss of driving/parking privileges for one week.
Third Violation: Loss of driving/parking privileges for two weeks.
Fourth Violation: Loss of driving/parking privileges for remainder of school year.

Upon each violation the parents will be notified by phone or in writing of the violation. Every effort will be taken to prevent the loss of student driving privileges; however, the safety of all students is vitally important to all of us. Therefore, it is imperative that these rules and regulations be enforced.

Emergency Information - Earthquake, Fire, Lock Down and Tornado Drills

Regulations concerning safety drills such as earthquake, fire, lock down and tornado will be posted in each classroom so each student may have any opportunity to acquaint themselves with correct procedures on leaving the building in emergency situations.

These are serious situations. Students are expected to use appropriate behavior during drills or in an actual emergency. Failure to do so will result in disciplinary measures.

Eligibility for Entry into Pre-Kindergarten

A child must be 4 years old by August 1st in order to be eligible to attend Pre-K. Multiple criteria will be used to place students in Pre-K including, but not limited to, score on DIAL-4, age and health concerns. The child must also be toilet trained.

All students enrolling in Pre-K must have a state certified birth certificate and shot record before being assigned to a class. A social security number is desired.

Pre-K students are expected to attend school on a daily basis. Excessive absences may result in the student being removed from Pre-K and replaced by another student from the waiting list. Pre-K absences will be reviewed on a case by case basis.

Eligibility for Entry into Kindergarten

Missouri State law requires that a child be (5) years old before August 1 to be eligible for entry into Kindergarten.

All students enrolling in Kindergarten must have a state certified birth certificate and shot record before being assigned to a class. A social security number is desired.

Eligibility for Entry into Grades 1 – 8

All students enrolling in grades 1 – 8 must have a state certified birth certificate, shot record and one proof-of residency before being assigned to a class. A social security number is desired.

Equal Rights Opportunities

Each student, being limited only by individual differences, should be given the opportunity to develop and achieve to the maximum extent possible. Therefore, the Ripley County R-IV School District will foster an educational environment that provides equal educational opportunities for all students. Educational programs, services, vocational opportunities, and extracurricular activities will be designed to meet the varying needs of all students. Ripley County R-IV School does not discriminate against any individual for reason of race, color, religion, sex, national origin, ancestry, disability, age, genetic information, or any other characteristic protected by law.

All students must immediately report to the Administrator for investigation any incident or behavior that could constitute discrimination, harassment, or retaliation in accordance with this policy.

Foster Care

The Administrator is the point of contact for foster care students.

Grading, Acceleration, Promotion, and Retention Policies:

Report cards are to be issued every nine weeks of the school year. If necessary, special reports will be made to parents at more frequent intervals. Grade symbols or A-B-C-D-F will be used to indicate achievement of students.

Deficiency slips will be issued at the middle of the 9-week quarters. One copy of the deficiency slip will be signed by the parent or guardian and returned to school.

The Ripley County R-IV School District has adopted the following grading policy. For grades 1-8:
(Kindergarten does not use this system.)

97-100.....A+	87-89.....B+	77-79.....C+	67-69.....D+	Below 60.....F
93-96.....A	83-86.....B	73-76.....C	63-66.....D	
90-92.....A-	80-82.....B-	70-72.....C-	60-62.....D-	

The Ripley County R-IV School District is committed to continuous development of students enrolled in the district’s schools, and to student achievement of the skills for the current grade assignment for promotion to a higher grade. The superintendent, in cooperation with the professional staff, shall develop administrative procedures for the promotion, acceleration and retention of students.

In evaluating student achievement, each teacher will make use of all available information, including results of teacher-made test, other measures of skill and content mastery, standardized test results and teacher observation

of student performance. The principal will direct and aid teachers in student evaluations and will review grade assignments in order to ensure uniformity of evaluation standards.

Decisions on whether to promote, accelerate or retain a student with disabilities will be made in accordance with the Individuals with Disabilities Education Act (IDEA) and as required by other applicable law.

The Ripley County R-IV School district may use excessive absences alone for denial of promotion or graduation, but may also consider them with other factors including, but not limited to: reason for absences, standards of achievement, social, emotional, mental, or physical development that would not allow satisfactory progress in the next higher grade. If a student misses more than 12 days of school per year, he/she will be mandatory summer school with the possibility of retention. Student attending mandatory summer school must maintain an 80% attendance rate or they will be retained.

Harassment & Sexual Harassment

The Ripley R-IV School District is committed to providing an educational and work environment that is safe and free from intimidating, hostile, offensive behavior, unwelcome sexual advances, requests for sexual favors and other verbal or physical conduct or communication constituting sexual harassment. Sexual harassment by an employee, student or other person in the district should immediately be reported to a building principal, counselor or to the district superintendent.

Hazing and Bullying/Cyberbullying

All forms of hazing, bullying, cyberbullying, and student intimidation are prohibited. Students participating in or encouraging inappropriate conduct will be disciplined. Such discipline may include, but is not limited to, suspension or expulsion from school and removal from participation in activities. Students who have been subjected to hazing, bullying, or cyberbullying are instructed to promptly report such incidents to a school official.

Definitions

Hazing: Hazing is defined as any activity, on or off school grounds, that a reasonable person believes would negatively impact the mental or physical health or safety of a student or put the student in a ridiculous, humiliating, stressful or disconcerting position for the purposes of initiation, affiliation, admission, membership or maintenance of membership in any group, class, organization, club or athletic team including, but not limited to, a grade level, student organization or school-sponsored activity. Hazing may include those actions that subject a student to extreme mental stress including, but not limited to, sleep deprivation, physical confinement, forced conduct that could result in extreme embarrassment or criminal activity, or other stress-inducing activities. Hazing may also include but is not limited to: acts of physical brutality; whipping; beating; branding; exposing to the elements; forcing consumption of any food, liquor, drug or other substance; forcing inhalation or ingestion of tobacco products; or any other forced physical activity that could adversely affect the physical health or safety of an individual. Hazing may occur even when all students involved are willing participants. Hazing does not occur when a student is required to audition or try-out for an organization when the criteria are reasonable approved by the district and legitimately related to the purpose of the organization.

Bullying: Bullying is defined as intimidation or harassment of a student or multiple students perpetuated by individuals or groups. Bullying includes, but is not limited to: physical actions, including violence, gestures, theft, or damaging property; oral or written taunts, including name-calling, put-downs, extortion, or threats; or threats of retaliation for reporting such acts. Bullying may also include cyberbullying or cyber threats. Cyberbullying is sending

or posting harmful or cruel text or images using the Internet or other digital communication devices. Cyber threats are online materials that threaten or raise concerns about violence against others, suicide, or self-harm.

Complaint Procedure

A student shall report a complaint of bullying or cyberbullying, orally or in writing, to a staff member. If a parent initiates the complaint, the appropriate staff member will follow-up with the student. The staff member will either gather information or seek administrative assistance to determine if the alleged bullying or cyber bullying conduct occurred. After the information is gathered, the building principal shall be notified of the complaint. The building principal will determine the need for further investigation or the appropriate intervention, which may result in administrative discipline to ensure the conduct ceases. If the behavior is found to meet the definition of bullying or cyberbullying, the building principal must complete the appropriate written documentation.

Students who are found to have violated this policy will be subject to the following consequences depending on factors such as: age of student(s), degree of harm, severity of behavior, number of incidences, etc.

Head Lice Policy

Students will be examined as needed for the presence of head lice and/or nits. If they are found, the student will be sent home as soon as possible. A letter and information on treating lice infestation will be sent with the child. The student will not be allowed to return to school until all nits and/or lice are completely gone. A strict "no-nit" policy will be enforced.

The head lice policy will include the following provisions:

1. A parent may bring the child back to school as soon as the child is free of lice and/or nits.
2. When a child returns to school after being out for an infestation, the parent must bring the child to the school and wait with the child until the child has been checked and found to be free of head lice and nits. The child cannot ride the bus to school until he/she has been rechecked by school personnel.
3. If a child is still infested after being rechecked, the child will be sent home again, until they are completely free of nits and/or lice.
4. If the child is still infested after three exams and has missed more than three days of school, then a referral will be made to the Division of Family Services.
5. After being readmitted to school the student will be checked again in 10 days.

HOMEWORK

Beginning the 2019-2020 school year we will be piloting a lessened nightly homework trend. If this proves successful, next year it will be adopted as a no homework policy. What does this mean for your child? Your child will receive weekly target skills each Monday, they will come home with their newsletter. These skills will be "suggested" for nightly review. Examples of such skills are: spelling words, high frequency words, phonics skills, math facts, decodable readers, etc. There will NOT be any requirements to return any completed work on Fridays from these skills or parent signature pages. The only required "homework" that will be sent home for return will be if your child has been absent. They will be responsible for all missed class work. Also, if your child comes home with "homework" it will be because they were not using their classroom time wisely and they did not get finished with daily assignments. A note explaining why homework is being sent home, should accompany homework pages (required K-4). If your child has recurring nightly homework, we will need to set up a conference and discuss the

underlying issue with the child and the teacher. There are many schools in the area that have adopted a no homework policy and it has proven to be successful. I am expecting the same success for our school.

Homeless Coordinator

The administrator is the homeless liaison.

Honor Roll and Merit Roll Requirements

Special recognition will be given to students who make the Honor Roll and Merit Roll all four quarters. STUDENT DISCIPLINE

The Student Code of Conduct is designed to foster student responsibility, respect for others, and to provide for the orderly operation of district schools. No code can be expected to list each and every offense that may result in disciplinary action; however, it is the purpose of this code to list certain offenses which, if committed by a student, will result in the imposition of a certain disciplinary action. The more serious the offense, or the more frequent the misbehavior, the more severe the consequence. Any conduct not included herein, any aggravated circumstance of any offense, or any action involving a combination of offenses may result in disciplinary consequences that extend beyond this code of conduct as determined by the principal, superintendent and/or Board of Education. The principal, superintendent, and/or board of education reserve the right to punish behavior that adversely affects the school even though it may not be specified in the following written rules. In extraordinary circumstances where the minimum consequence is judged by the superintendent or designee to be manifestly unfair or not in the interest of the district, the superintendent or designee may reduce the consequences listed in this policy, as allowed by law. This code includes, but is not necessarily limited to, acts of students on district property, including playgrounds, parking lots and district transportation, or at a district activity, whether on or off district property. The district may also discipline students for off-campus conduct that negatively impacts the educational environment, to the extent allowed by law.

Refusal of corporal punishment will result in out-of-school suspension for the remainder of the day and one additional day. If other punishments are refused, upon the return from suspension, the student will still serve all detentions, ISS days, etc. Consequences will be the same for handicapped students unless otherwise stated in the IEP.

Levels of Discipline

1. Verbal reprimand or warning – The principal will send a letter home to the parent/guardian concerning the problem and will warn the student that a future act will result in more severe punishment.
2. Loss of privileges – The school administrator may notify the parent/guardian of privilege suspension. These privileges include eating in the cafeteria, parking on district property, participation in extracurricular activities, bus transportation and use of district technology. Students with recurring disciplinary actions will lose their ability to participate in extra-curricular activities, school clubs, organizations, trips, and classroom activities. Students falling into this category, will be referred to the Superintendent. Superintendent will review offenses. A conference will be held with all parties involved, including but not limited to student, teacher, parents, and administrator. A board review of activity exclusion will then take place. The final determination of exclusion will be decided among the Superintendent and the Board of Education. This review will be for extreme disciplinary actions, including but not limited to; lying, cheating, fighting, stealing, rude and vulgar language and or behavior, bullying and any other behavior that impedes student learning.
3. Conference – A conference will be held with the student, teacher, administrator, and other appropriate staff members to develop a plan for improving behavior. The parent/guardian may be contacted.

4. Parent/guardian involvement – The parent/guardian will be informed of the problem area. A conference with the student, parent/guardian and appropriate staff members may be scheduled.
5. Corporal punishment – A certified teacher will witness each time corporal punishment is administered, in accordance with policy JGA. Parents/Guardians will not witness corporal punishment. Refusal of corporal punishment will result in out-of-school suspension for the remainder of the day and additional days. Subsequent refusals will result in progressive suspension days. See policy JGA
6. Alternative discipline – Extra assignments or other appropriate schoolwork will be given by a teacher.
7. In-school suspension (ISS) – Students will promptly and directly report to the assigned area each day of in-school suspension. Being late may result in additional ISS days. Students must complete assignments sent to the ISS room by the regular teachers, to the satisfaction of the teacher in charge. All students will need to have textbooks, paper, and pencils ready each day. Students will not be allowed to leave the ISS room to gather materials. If a student breaks ISS rules, additional assignments may be given by the teacher in charge, or the student may be sent to the principal. Refusal of ISS will result in out-of-school suspension and upon return the student will serve the original ISS.
8. Short out-of-school suspension – The student will be excluded from regular classroom participation and school-related activities for a period of up to three (3) school days. Parents/Guardians will be notified and a conference with administration, parents/guardians and the student may be conducted. See policy JGD
9. Long out-of-school suspension – The student will be excluded from regular classroom participation and school-related activities for a period of four (4) to ten (10) school days. Parents/guardians will be notified and a conference with administration, parents/guardians and the student will be conducted. Suspension exceeding ten (10) days will be determined by the superintendent. Suspension exceeding 180 days will be determined by the Board of Education. See policy JGD
10. Expulsion – The principal, through the superintendent, may recommend that a student be expelled. The student is suspended pending a hearing and/or action by the Board of Education. Through this action, the student is excluded from school and all activities for the remainder of the current semester. The student and parent/guardian are notified of changes by telephone and certified letter. See policy JGD

If other punishments are refused, upon the return from suspension, the student will still serve all detentions, ISS days, etc.

Summary of the Safe Schools Act (HB 1301 & 1298)

School Discipline Policies--This legislation outlines several policy requirements focusing on promoting safe school environments. Local boards of education of each school district are required to establish a written discipline policy, including specifying the district's policy on corporal punishment and procedures in which punishment will be applied. Pupils and their parents or legal guardians must be provided a copy of the disciplinary policy. All employees of the district are to receive annual instruction on the content of the disciplinary policy.

Reporting Requirements--District administrators are required to report acts of school violence to teachers and other school employees who have direct responsibility for the child's education or interact with the student on a professional basis. This section defines "acts of violence" and "violent behavior", including a list of felonies that are required to be reported. Any portion of a child's IEP relating to demonstrated or potentially violent behavior must be reported to any teacher or district employee who is directly responsible for the child's education or who interacts with the student within the scope of their duties.

Report Threats against students, teachers, or schools – School Violence Hotline 1-866-748-7047

Student Suspension--Current law requires a minimum of a one-year suspension for a student bringing a weapon to school—to include playground, parking lot, and school bus. This amendment allows the suspension to be either one year or an expulsion and expands the definition of weapon. Civil war era weapons, when used for a civil war reenactment on school property, are exempted.

Discipline Records--Districts are required to compile and maintain records of any "serious violation" of district policy. Records will be made available to district personnel with the need to know based upon their assigned duties and shall also be sent to any district a student subsequently attends.

Abuse Investigations--This section outlines investigations of alleged abuse based upon the use of corporal punishment within the district. The amendment authorizes the juvenile officer to designate another law enforcement officer to investigate these allegations in conjunction with school personnel.

Children with Disabilities--Section 162.680.RSMo, contains the state prohibition on denial of educational services based upon the child's disability. This section is amended to provide that if violent behavior of a child with a disability causes a substantial likelihood of injury, the school shall initiate procedures to change the student's educational placement.

Residency Issues--Prior to registration a pupil, parent or legal guardian must establish proof of residency, or must have requested a waiver of the proof of residency. A process is defined for requesting a waiver of proof of residency, including authorizing a hearing before the local board of education. Athletic ability is prohibited as a basis for the issuance of the waiver. Submitting false information relating to residency is defined as a Class A misdemeanor. School districts are authorized to file a civil action for recovery of educational costs based upon submitting false information relating to a student's residency.

Transfer of Documents--School officials enrolling the pupil must request within forty-eight (48) hours a transfer of documents from all school districts the pupil attended within the previous twelve (12) months. Any school district receiving that request shall respond within five (5) business days of receipt of that request. The request must include the disciplinary records required under this legislation. Transfer of school records is prohibited to persons not employed by the school district or employed by another school district, or to any governmental entity other than a school district, juvenile or family court, unless written permission is granted by the parent, guardian or student, if the student is eighteen (18) years of age or older. Violation of this subsection is a Class B misdemeanor, and a civil action is authorized based upon a district's failure to comply. The State Board of Education is authorized to establish rules relating to the enforcement of this section.

Removal of Students--Districts are authorized to immediately remove a pupil posing a threat to themselves or others. Prior disciplinary action may not be the sole basis for such removal. Removal of a pupil with a disability is subject to state and federal procedural rights. Boards are required to make a good-faith effort to have the parent or other custodian present at the suspension or expulsion hearings.

Re-admission Conference--Section 167.171. RSMo, outlines the procedural requirements relating to the suspension or expulsion of students. A new subsection requires a conference prior to re-admission of a student suspended for more than ten (10) days for an act of school violence, or where the pupil poses a threat or harm to themselves or others. Written notice of the conference shall go to the parent or guardian. The section specifically prohibits re-admission of a student convicted or indicted of specified criminal acts. An exception is provided for children with disabilities as identified under state eligibility criteria. A conference is also required if a student attempts to enroll in one district during a suspension or expulsion from a second district. The second school district may recognize the disciplinary action if it is determined that the behavior would be subject to suspension or expulsion in that district.

Communication with Juvenile Officers--Juvenile officers must notify school officials when students have committed certain specified criminal acts. The notification must include a description of the conduct and the dates when the conduct occurred but shall not include the name of the victim. This report shall be shared with teachers or other district employees with a need to know based upon the scope of their assigned duties. The superintendent is required to notify the appropriate juvenile or family court upon the suspension of any student within the jurisdiction of the court when the suspension is in excess of ten (10) days.

Notice of Violent Acts - School personnel is required to notify the superintendent and law enforcement if any person is believed to have committed first, second or third degree sexual assault or deviant sexual assault against a pupil or school employee while on school property, on a school bus, or while involved in a school activity. The principal must also report possession of a controlled substance or a weapon by people in violation of school policy. A teacher must immediately report to the principal knowledge of an assault or possession of a weapon or controlled substance. This section grants good-faith civil immunity for school employees providing information to law enforcement. Refusal by school officials relating to their reporting requirements under this section and Section 160.261. RSMo, is defined as a misdemeanor punishable by a fine of up to \$500 and imprisonment in a county jail not to exceed one (1) year.

Violence Prevention Programs - The Department of Elementary and Secondary Education is authorized to identify programs relating to violence prevention to be administered to the public schools. The State Board of Education is authorized to adopt rules approving such programs. Academic credit may not be offered for participation in these programs. Beginning no later than the 1998-99 school year and thereafter, districts are authorized to administer violence prevention programs for kindergarten through twelfth grade. The Department of Elementary and Secondary Education is authorized to fund programs relating to violence prevention.

Statement of Disciplinary History - School districts may require a parent, guardian, or other custodian to provide a statement indicating whether a student was previously expelled, violated board policy on weapons, alcohol or drugs, or willfully inflicted injury on another. Persons making a false statement would be guilty of a Class B misdemeanor. The statement would be maintained as a part of the student's record.

Alternative Education - Suspension or expulsion is stated not to relieve the State or the suspended student's parent or guardian from responsibility to educate the student. Districts are encouraged to provide in-school suspensions or other alternatives to suspensions or expulsions. Districts constituting the domicile for a child for whom alternative education programs are provided shall pay the per pupil cost of that education. School districts may contract with other political subdivisions, public agencies, not-for-profit organizations, or private agencies to provide alternative education.

Model Notification of Rights under FERPA for Elementary & Secondary Institutions

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records.

These rights are:

1. The right to inspect and review the student's education records within 45 days of the day the School receives a request for access. Parents or eligible students should submit to the school principal (or appropriate school official) a written request that identifies the record(s) they wish to inspect. The School official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.
2. The right to request the amendment of the student's education records that the parent or eligible student believes is inaccurate or misleading. Parents or eligible students may ask the School to amend a record that they believe is inaccurate or misleading. They should write the School principal (or appropriate official), clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the School decides not to amend the record as requested by the parent or eligible student, the School will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.
3. The right to consent to disclosures of personally identifiable information contained of the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception which permits disclosure without consent is disclosure of school officials with legitimate educational interests. A school official is a person employed by the School as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the School has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official of performing his or her tasks. A school official has a legitimate record of order to fulfill his or her professional responsibility. (Optional) Upon request, the School disclosed education records without consent to officials of another school district of which a student seeks or intends to enroll. [NOTE: FERPA requires a school district to make a reasonable attempt to notify the parent or eligible student of the records request unless it states of its annual notification that it intends to forward records on request.]
4. The right to file a complaint to the U.S. Department of Education concerning alleged failures by the School to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Parents and guardians have the right to be involved in their child's education. We have a Parent Advisory Council which meets during the year. The district will send home suggestion sheets so that parents can offer suggestions of parent involvement activities they would like to participate in at the school if possible.

Parents can talk to their child's teachers as needed. You may use the Remind App or call the school at 573-996-7118 to set up a time to talk to the teacher.

Parent notices will be sent home to inform parents when meetings or conferences will be held.

RESPONSIBLE USE POLICY FOR ELECTRONIC RESOURCES

All Ripley County R-IV students and staff are responsible for their actions and activities involving the school district's computers, electronic devices, network, and internet services, and for their computer files, passwords, and accounts. Parent Information and Resource Center (PIRC) Handout

The Parental Information and Resource Center (PIRC) program is funded by the US Department of Education, Office of Innovation, and Improvement, established to provide training, information, and support to parents and individuals who work with local parents, districts, and schools that receive Title I.A funds. PIRCs provide both regional and statewide services and disseminate information to parents on a statewide basis.

PIRCs help implement successful and effective parental involvement policies, programs, and activities that lead to improvements in student academic achievement, and that strengthen partnerships among parents, teachers, principals, administrators, and other school personnel in meeting the educational needs of children; and to assist parents to communicate effectively with teachers, principals, counselors, administrators, and other school personnel.

The recipients of PIRC grants are required to serve both rural and urban areas, use at least half of their funds to serve areas with high concentrations of low-income children, and use at least 30 percent of the funds they receive for early childhood parent programs.

Centers must include activities that establish, expand, or operate early childhood parent education programs and typically engage in a variety of technical assistance activities designed to improve student academic achievement, including understanding the accountability systems in the state and school districts being served by a project. Specific activities often include helping parents to understand the data that accountability systems make available to parents and the significance of that data for such things as opportunities for supplemental services and public school choice afforded to their children attending buildings in school improvement.

PIRCs generally develop resource materials and provide information about high quality family involvement programs to families, schools, school districts, and others through conferences, workshops, and dissemination of materials. Projects generally include a focus on serving parents of low-income, minority, and limited English proficient (LEP) children enrolled in elementary and secondary schools.

Missouri has two PIRCs-one in St. Louis and one in Springfield. For service and contact information, go to their website at <http://www.nationalpirc.org/directory/MO-32.html>
